

CS:4400 Weekly Report

Team #5

For each meeting we will answer the following questions:

- List all the meetings held with duration of each meeting
 - What did we do this week?
 - Where do we need help?
 - Did we face any problems?
 - What is our plan for the next week?
-
1. We met on Monday for about 20 minutes to discuss some details about the project. Everyone was present and we came up with a small plan. We also discussed our strength and weaknesses.
 2. We met for the second time on Friday. Sriram was not here because he was sick. We submitted a weekly report, initial plan, data attributes, query descriptions. No plan for the next week since there aren't any assignments available. No help needed as of now. Maybe start the test plans.
